

Create a Facebook “Group”

... [Login](#) to Facebook or [create an account](#) if you don't have one yet.

... Click Profile at the top.

 Groups

... Click *Info* from your profile.

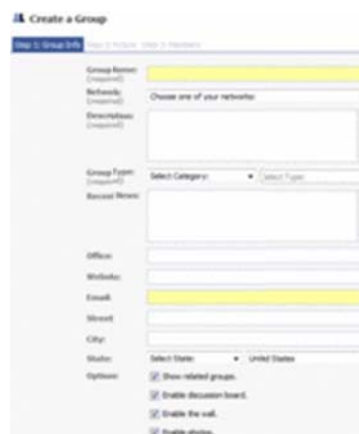

... Scroll to the bottom and to the right of Groups, click *See All*.

... Click "Create a group" at the top of that page.

 Create a group

... Name and design your group.

... Choose a network. Choose "Global."

... **Describe your group in the "Description" area.** Be very specific, as keyword searches will match anything you have written in this text box.

... **Choose a category and sub-category. Once again, be specific, as those who are** browsing will find your group only if it is in the correct category.

... **Fill out the contact information such as a street address, country and website.**

... **Choose your privacy settings.**

... **Click "Create group".**

... **Click "Browse" to upload a group image.** Keep copyright rules in mind when doing this.

... **Click "Upload picture" or "Skip this step" if you prefer to add a photo later.**

... **Invite your friends by selecting them from your current friend list or typing their name into the box that is provided./**
